

CREATING
ORIGINAL &
ENGAGING
CONTENT FOR
BRANDS,
SPECIFICALLY
DESIGNED FOR
SOCIAL MEDIA

I've worked with brands for a number of years on an influencer basis, however more recently there has been an increase in requests for content only, where brands such as *Gillette*, *Aussie Hair*, *Silent Night*, *EE*, plus many more have purchased the usage rights to content I've created for them, for use in their own marketing campaigns. I love to create, and pride myself on producing high quality content, at industry standard.
